

## **Teacher Training Program**

Calorx Foundation believes in sharing its knowledge and learning resources with other schools and like-minded organisations. To that effect, we are starting In-Service and Pre-Service Teacher Training and Leadership Development Program for Principals and prospective Principals from the academic year 2008-2009. The unique features of our training program are as follows:

### **Facilities:**

- a. Well-equipped maths and science labs.
- b. Comfortable staying facility for the participants with excellent arrangements for breakfast, lunch and dinner.
- c. Awareness and training sessions for teachers to deal with children who have Dyslexia.
- d. Audio-Visual room with latest equipments.
- e. Well-stocked library with National and International Journals.

### **Methodology:**

Our training is based on hands-on experience and the participants will get an exposure of CBSE, ICSE as well as IB board. Apart from practical observation, the participants will also be trained through case studies, interactive theory modules, film-based modules, project work and group discussions, etc.

### **Duration:**

We are organizing the following in-service training programs:

- a. One Month Course on Dyslexia: This is a one month program to prepare teachers to deal with the personal, social and academic needs of children with Dyslexia. This is a unique program offered in collaboration with Perna – for the Dyslexic genius.

Perna is promoted by Calorx Foundation to address the needs of Dyslexic children. There are estimated 3 million individuals in India who may be suffering from Dyslexia.

- b. Tailor-made workshops: Need-based workshops will be organized after need analysis. The duration of such training programs will be worked out in consultation with the respective schools/authorities.
